

Weekly Progress Report

Name: Rahad Uddin Jisan

Domain: Introduction to the Digital Marketing

Date of submission: 26/01/2026

Week Ending: 01

I. Overview:

This week's primary focus was on gaining a foundational understanding of Digital Marketing concepts and exploring how digital platforms are used to promote products and services. Efforts were also made to utilize learning resources to strengthen core marketing skills and practical knowledge.

II. Achievements:

1. Digital Marketing Familiarization:

Studied the fundamentals of digital marketing, including its scope and importance.

Gained an understanding of key channels such as social media marketing, search engines, and email marketing.

Successfully completed introductory learning modules related to digital marketing strategies.

2. Practical Learning Activities:

Explored basic digital marketing tools and platforms used for online promotion.

Analyzed real-world examples of digital marketing campaigns to understand audience engagement.

Actively participated in discussions and collaborative learning activities.

3. Skill Development:

Learned essential concepts such as SEO basics, content marketing, and online branding.

Applied theoretical knowledge to simple case studies and marketing scenarios.

III. Challenges:

1. Understanding Marketing Terminology:

Faced difficulty in understanding certain digital marketing terms and metrics.

Currently reviewing additional resources to improve clarity and confidence.

2. Strategy Analysis:

Found it challenging to analyze and compare different digital marketing strategies.

Seeking guidance and examples to improve analytical skills.

IV. Learning Resources:

1. Digital Marketing Resources:

Used online articles and introductory guides related to digital marketing fundamentals.

Watched video tutorials and webinars to gain practical insights.

2. Online Learning Platforms:

Engaged with beginner-friendly digital marketing courses.

Participated in online forums and discussions to enhance understanding through peer interaction.

V. Next Week's Goals:

1. Digital Marketing Enhancement:

Learn advanced concepts such as social media analytics and paid advertising basics.

Explore real-time marketing tools and dashboards.

2. Practical Application:

Work on small digital marketing assignments and case studies.

Seek feedback from mentors and peers for continuous improvement.

VI. Additional Comments:

This week was a valuable learning experience that helped build a strong foundation in digital marketing. Collaboration and interactive learning significantly contributed to understanding real-world marketing practices.
